

Let's build *success* together.

Financial Solutions for Builders and Contractors

Get the working capital you need to keep your projects on track. We understand the demands of the construction industry and your unique cash flow needs. You'll get personalized support and guidance from professionals who know what it takes to grow in this business.

We have flexible, reliable financing solutions that are tailored specifically for you as well as online banking tools that make managing your money easier, faster and more efficient.

We work with experienced builders and developers who specialize in:

- Single-family homes
- Townhomes
- Finished lots
- Land acquisition and development

With Heritage Bank, you're not just a client—you're a partner. Let us support you with the tools and services designed for builders, by experts who understand the industry.
